Road Works Notice

Inga Road Bridge Replacement – Geotechnical Investigations

As part of the project to replace the Inga Road Bridge in Milford we need to undertake detailed site investigations.

We'll try to start the work on time but factors outside our control, such as weather could mean a delayed timeline. If the delay is significant, we'll notify you.

Where	Inga Road and Omana Road – adjacent to the bridge and associated approaches
When	14 April to 21 April 2025
Work Hours	Day Works: 10am – 4pm
What we're doing	<p>Inga Road Bridge currently has vehicle class, weight and speed restrictions due to the deteriorating condition of the structure.</p> <p>To progress the design, we need to undertake geotechnical investigations near the approaches to the bridge to determine the ground conditions where the new bridge is to be constructed. We will be drilling boreholes on the eastern side of the bridge, on both approaches to collect soil samples.</p> <p>To learn more about this project please visit: https://haveyoursay.at.govt.nz/inga-bridge</p>
Local Impact	<p>Property access, including access to the boat ramp, will be restricted during the works, traffic controllers will be on site to assist with property access.</p> <p>We will aim to keep disruption as minimum as possible during the works period and encourage you to stay connected with the project team. Please reach out if you are expecting any tradesman and deliveries during this period.</p> <p>On-street parking within the extent of the temporary traffic management will be limited while we carry out the work. You may need to either park on your property or on a side road and walk to your property.</p>
Traffic Impact	<p>Traffic management will be in place to allow the investigation crew to work safely.</p> <p>We need to close the southbound lane on the bridge, a temporary speed limit of 30km/hr and stop / go traffic management will be in place. Please follow all signs and traffic directions.</p> <p>Resident access will be maintained. The pedestrians on the eastern footpath of Inga Road (south of the bridge) will be detoured prior to the bus stops to keep everyone safe and away from the moving machinery.</p> <p>Traffic Controllers will be on site to guide and assist residents, vehicles and pedestrians.</p> <p>Bus Stop Impacts</p> <p>Omana Road Bus Stop 3350 will be closed, please use the temporary bus stop at 12A Omana Road.</p> <p>Omana Road Bus Stop 4153 will be closed, please use the temporary bus stop at 17 Omana Road.</p>
