**HELP ARTIST LANG EA MAKE 10,000 RED
POM POMS TO TRANSFORM A
FORT TAKAPUNA GUN EMPLACEMENT**

Artist Lang Ea created the much loved Beacon in Milford Reserve (above right). She has been commissioned to create a new installation artwork and invites all Milford families and residents to participate in her new project to swathe an historic gun emplacement at Fort Takapuna in red pom poms.

Spend 10 minutes or an hour on Saturday, 2 September. Make 2 or 22 red pom poms to swathe the emplacement (above left). In November, you can visit the exhibition and see what you have helped to create.

Suitable all ages from 5 to 105. Let us know you are interested:
